Greetings:

Thank you for considering my interest in serving on the Board of the NC League of Municipalities.

Including my services as counsel to two US Senators, serving in government again on the Salisbury City Council since 2015 has been the most gratifying work of my life. (Admittedly, I've had a zigzag of a career – attorney accountant, college professor, business owner, banker, executive director of two nonprofits, government. It's been a great ride.) In the process, I've become an admirer of both the NCLM and the School of Government for the invisible and usually thankless work both do on behalf of all citizens of North Carolina and beyond.

At age 70 and semi-retired, my primary “work” commitment is my service on the Salisbury City Council. I have the time, energy, and interest in doing more, and hope you will offer me that opportunity.

I've asked Mayor Karen Alexander and City Manager Lane Bailey to offer their support.

With gratitude and a strong desire to serve, I am

Very sincerely yours,

David B. Post
